John Madison, wanted for bigamy in nearly every large city in America, and in many of the smaller ones, is in the hands of the police at San Francisco. The authorities have established his marriage to ten women and his engagement and possible marriage to fourteen others.

John Grandison, one of Lewis county's old and respected residents, died this week at his home at Valley, aged 89.

The C. and O. has been forced to add two extra sleepers each day during this past week to its East-bound trains. All the other lines are making heavy demands on the Pullman Company for extra equipment.

The acreage of tobacco is estimated officially by the Department of Agriculture at Washington at 1,108,336 acres, or 232,911 acres (26.6 per cent), more than last year. The condition of the crop on July 1st was 89.8, as compared with 86.6 on July 1st, 1908; 81.3 on July 1st, 1907, and 85.7, the ten year average, on July 1st.

At Louisville Thursday last an absolute decree of divorce was granted to Mrs. Katherine Pearce against Walter H. Pearce, and the custody of the child, William Pearce, was given Mrs. Pearce. By agreement Mrs. Pearce was also granted alimony of \$60 a month for four years, until Mr. Pearce arrives at the age of thirty, at which time she is to be paid the sum of \$10,000, at present secured by the estate of Walter Pearce held in trust by Charles D. Pearce, the trustee. Furthermore Mrs. Pearce receives at once a lump sum of \$14,000 for support of herself and child, and the costs of the case, including a fee to the attorney for the plaintiff of \$500, are assessed on the defendant. The decree was in accordance with agreement made by the parties to the suit.

Mrs. Harry Nicholson of Ashland, formerly of this city, yesterday celebrated the ninety-eighth anniversary of her birth.

THE GOOD WORK GOES ON

Get in the habit of coming daily to the big sale, so you'll not miss any of its rare bargains, for it's impossible to advertise them all, as they arise almost hourly. Goods with deep price cuts sell down to a fraction of the original quantity, and lower still goes the price to clean out the remainder.

Dress Goods, Embroidery and Lace remnants accumulate constantly, and are marked at figures that bear no relation to even their former low price. If one price, though it's less than cost, isn't moving a certain line, it's marked lower.

We want cash instead of merchandise now. We want a clean stock. We want to make a record during this sale that will interest you in our future sales, and we are doing it—by not sacrificing quality yet giving you prices that wouldn't cover the COST of inferior goods. Come in and see.

The United States Government frowns sternly upon all lotteries except its own. It forbids lotteries at home and by severe postal regulations discourages lotteries in neighboring countries. Good lotteries and bad lotteries are alike in disfavor.

Since objection to the lottery rests upon moral grounds, how is it that when there is a great tract of public land to be sold it is usually disposed of by lot? Nearly everything else which the Government sells is put up at auction. Why should not the 1,600,000 acres of land soon to be thrown on the market in Washington, Idaho and Montana be offered to the highest bidders?

Complaint is made at frequent intervals of the difficulty experienced by the authorities in checking the lottery evil. Special agents and secret-service men, assisted by the police of the cities, are regularly employed on these details. Probably the Government would find it easier to convince the people of the immorality of lotteries if it did not on occasion go into the business itself.—New York World.

Of course, Mr. President, our fate as a party is bewailed by others. That is an old story. The Democratic party always bewails our fate before elections, and then always bewails its own fate after elections. I have heard in the ten years that I have been here every single session a prophecy, lurid in its vividness, that we were going to meet disaster, that the seeds of disintegration were planted in our breasts, and

that our party death was near, but I never found it to come true. After each prophecy, increasing in violence as they have been, I have always found our victory increasingly pronounced.—Senator Beveridge.

There are more than 1,000,000 boys and girls in the United States who are working when they ought to be at school or out in the fresh air. This terrible fact was revealed to the National Association of Charities and Corrections in convention at Buffalo.

HAPPY HOOLIGAN will learn something of interest to himself if he will call on Mr. CASTRO, lately of Venezuela, formerly of nowhere and presently of oblivion.—Philadelphia Inquirer.

It is only the poor that are generous. The rich cannot give; they have so many wants, so many necessary superfluities, these poor rich.—Alphonse Karr.

A CARLISLE woman wants \$15,000 for two kisses. Aw, come off! I could make arrangements for almost any nice young man to get kissed all his life for that amount.—Carlisle Mercury.

THE first typical operation for appendicitis appears to have been performed in New York in 1886. In the following year at Philadelphia occurred the first recorded removal of the appendix as a precautionary measure. Appendicitis surgery is thus less than a quarter of a century old and distinctively American in its origin and development.

THE STATE UNIVERSITY LEXINGTON, KY.

The State University, Lexington, Kentucky, offers the following courses, namely, Agricultural, Mechanical Engineering, Civil Engineering, Electrical Engineering, Mining Engineering, Chemical Engineering, and seven Scientific courses each of which extends over four years and leads to a Bachelor's Degree; also a Department of Law and a Department of Education, which last has been established instead of the Normal School. Persons who enter this department prepare for advanced work in pedagogy and are granted a Bachelor's Degree in this subject when completed. The Academy for preparatory instruction is retained.

County appointees receive free tuition, privilege of residence in the dormitories, fuel and light, traveling expenses, if they remain ten consecutive months, or one collegiate year.

The laboratories and museum are large, well equipped, comprehensive and modern. Military Science is fully provided for as required by Congress.

The graduates in the several courses of study readily find employment with liberal remuneration. The total number of matriculates for last year was 1078. Each department has a specialist at its head, with the necessary number of assistants.

Young women find an excellent home, with board and lodging, in Patterson Hall, which is well equipped with all the modern conveniences, bathroom, bath for physical culture, at \$3.00 per week. All courses of study in the University are open to women on identical conditions with those applying to males.

The completion of the Agricultural, Mining Engineering Laboratory and Education Buildings afford ample and commodious quarters for these departments, which are rapidly increasing in the number of matriculates.

For catalogues, methods of obtaining appointments, information regarding courses of study and terms of admission, apply to
JAMES K. PATTERSON, Ph. D., L. L. D., President.

NATURE'S WARNING.

Mayville People Must Recognize and Heed It.

Kidney Pills come quietly—mysteriously.

But nature always warns you.

Notice the kidney secretions.

See if the color is unhealthy—

If there are settlements and sediment.

Passages frequent, scanty, painful.

It's time then to use Doan's Kidney Pills,

To ward off Bright's disease or diabetes.

Doan's have done great work in this locality.

James W. Cottingham, East Second street,

Vanceburg, Ky., says:

"About two years ago my back became lame and I had almost constant pain across my loins. It was all I could do to drag one foot after another and I was actually too weak to work. The kidney secretions were scanty and I had a difficulty in passing them. I was laid up at one time for a month and could not leave the house. When Doan's Kidney Pills were recommended to me, I procured a box and began their use. My kidneys were soon restored to their normal condition, I became strong and have had no trouble since. It gives me the greatest pleasure to recommend Doan's Kidney Pills to other persons suffering from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Beware of Ointments For Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75¢ per bottle. Take Hall's Family Pills for constipation.

Elderly People Helped Free

The last years of life are the sweetest, and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

No doubt, you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience with regard to a wonderful and mild laxative, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it.

A. A. Felts, of Johnston City, Ill., suffered from stomach trouble for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife uses it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends; others through the doctor's offer to send any sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address he will send you a trial bottle direct to your home. If it proves itself as he claims then continue the treatment by buying a 50-cent or \$1 bottle of your druggist as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouched for with the U. S. government. Also, though a free bottle is sent to prove its merits, results are always guaranteed from the regular bottles bought of druggists, who will refund your money if it does not satisfy you. Send at least for the free test bottle today.

DON'T BE BALD.

If there is any vitality in the hair roots Rexall "93" Hair Tonic will positively grow new hair and cure baldness. We want you to try this preparation at our risk. We'll return the money you paid us if you are not entirely satisfied. Two sizes, 50c. and \$1.00.

Thos. J. Chenoweth, the Rexall Store.

Mr. J. P. Wallace and daughter, Miss Edna, of Chicago, arrived here Sunday on a visit with relatives. Mr. Wallace is one of Pinkerton's right hand men, and left yesterday for the East on an important mission. There is only one Doc Wallace, and he is as good as the best as a conservator of the peace and sleuth after evil doers. He always finds a warm welcome to his native city on his periodical visits.

Prof. J. J. Hooper of the Agricultural Department of State University, Lexington, will send 20 students to the State Fair at Louisville to compete for the \$50 prize offered by Commissioner of Agriculture M. C. Rankin for the best judges of live stock. The prize will be equally divided by the four students ranking best, and these four will be sent to the Live Stock Exposition in Chicago in December, as a team from the State University, to compete with the teams from the Universities of Kansas, Iowa, Missouri, Pennsylvania, Wisconsin and Canadian Institutions in live stock judging.

Mr. John J. Faltna, who has been in the employ of R. B. Lovel for the last twenty-five years, has, on account of declining health, resigned his position. Through all these years "Jack" has been faithful and true to every trust and is compelled to give up his position very much to the regret of his employer who has always held him in high esteem. His many friends hope that a rest may be of much benefit to him and that he may soon be restored to health.

A telephone pole in front of the office of Hall's Plow Works in East Second street was struck by lightning and broke in two during the storm yesterday evening.

Surprising Conditions—City Where Gray-Haired People Ridicule the Osler Theory

We learn that a carload of the Q-Ban Hair Restorer and Tonic was bought by one firm of retail druggists in Omaha City. Evidently the gray heads and those people possessing this straggly hair living in Omaha City are commencing to realize that the advantage of preserving a youthful appearance is not to be lightly disregarded. Dr. Osler's theory may be wrong, but nevertheless many men have failed to secure positions that otherwise they might have secured but for the gray hairs that announced the approach of loss of energy and youth. Who makes the best impression on the employer seeking help—the man with gray hair, or the man with a youthful head of hair? The use of Q-Ban Hair Restorer can make some people look as if twenty years had been rolled back for them.

We publish below a testimonial, that came unsolicited; the writer testifies to the fact that a two-weeks' course restored the few gray hairs he had to the original color. If Q-Ban Hair Restorer does not do this same for you after using six bottles, your money will be refunded by the druggist of whom you buy the preparation. We claim for the Hair Tonic that it will keep your scalp in a healthy condition and will increase the length of the hair at least three inches per year until the limit of growth has been reached.

J. Jas. Wood & Son recommend and sell these preparations. If you are gray haired or your hair commencing to fade you can have the first bottle of Q-Ban Hair Restorer free. Simply call and ask for it.

NATURE SPARES

The Stricken Rose From Grief.
What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always approves the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In two years gone by falling hair and grayness have cast a gloom over the faces of thousands of young women, but thanks to the invigorating action of the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SARCASTIC. BUT SENT MONEY.

How John Drew Replied to His Nephew's Touching Appeal for Financial Assistance.

Repeated efforts made by a seedy-looking individual a short time ago to "touch" a well-known actor, playing at one of the Broad street houses, recalled a lot of stories of how various actors have come to grief and how they appealed for assistance.

Some stories were serious, some funny, and among the latter was a yarn concerning Jack Barrymore and his uncle, John Drew. It was a good deal like adding insult to injury, but Jack got the money, anyway.

He was returning from a tour of Australia and stopped in San Francisco just in time to meet the earthquake. Jack lost everything but his clothes, and just as soon as he could get to a place where he could write a letter he directed one to John Drew, musing it rather strong.

"Dear uncle," he wrote, "I am up against it in this fair city, and anything you can send me will be greatly appreciated. I was asleep when the earthquake arrived, and was thrown clear across the room into a bathtub filled with water. The shock aroused me, and, after dodging a few falling walls, I managed to reach the street, still clad in my pajamas. When I reached the street I was met by two soldiers, who immediately put me to work clearing the debris. You can see that I am up against it, and I shall await an early reply."

When Barrymore received his much-sought reply, he found it to be both short and sweet. It ran as follows: "Dear Jack: I always knew it would take an unnatural convulsion of the earth to make you take a bath, and I was also sure that it would take the United States army to put you to work." But the letter contained a money order.—Philadelphia Times.

While other forms of Artificial Lighting have been content to twitter with bird-like repetition "cheap, cheap, cheap," Electric Light has been loudly singing the praises of its sun-like glow and whiteness. Stamped on the public mind as the "Light of Quality," with the advent of the Tungsten Lamp it now challenges comparison of efficiency and cost.
